Medium to speak here

ANTHONY Grzelka, known as Australia's Ghost Whisperer, will hold a seminar at Rockingham Theatre on July 20 when he will do audience readings.

Grzelka has been endorsed by respected US medium James Van Praagh, whose experiences form the basis of Channel 7's television drama "Ghost Whisperer."

His special ability to connect with loved ones passed means that he is increasingly in demand to conduct seminars, workshops and private readings throughout Australia.

He believes that everyone is capable of receiving guidance and healing from the spiritual realm.

"All that is needed is faith in ourselves and faith that there is life after death," he said.

His down-to-earth approach to helping men and women deal with grief is practical and achievable in the context of a busy, modern life.

Grzelka's first book, *Medium Down Under*, is now available. It explores and demystifies a wide range of spirit-related topics from children's psychic abilities and developing your own, through to communicating with pets and talking with those who are still alive but can't speak.

Anthony Grzelka will hold a seminar in Rockingham Theatre.

The medium also tackles the tough issues such as the notions of heaven and hell, judgment and suicide. Anthony's down-to-earth approach is filled with heart-warming and humorous stories about those who have made special connections to the other side.

Tickets to his show at The Castle, 8 Attwood Way, are \$40. Book on 9724 1881 or online at www.whispersfrombeyond.com.au.
